Foreword

Like leaves on a tree, each of us grows alone, independent from each other. We function as individuals, with our own lives to live, our own choices to make. Yet all of us are needed to make the whole school. Principals, secretaries, teachers, student leaders, athletes, and janitors are necessary to keep SCHS operating smoothly. Yet the person most important to the school is the average student. Without him, the school could not exist.

Like a tree, a person never stops growing. His family, school, friends, and the world he lives in infuse his personality all his life, and bring him into focus as a total person.

A big lawn is one of the biggest advantages at SCHS. While the quad remains the most popular place to cangregate before and between classes, students are moving out onto the front lawn during lunch and after school. They read, sketch, and sleep in the grass, toss Frisbees, make clover chains, and jump in leaves.

School has an undeterminable influence on our lives. We come here not only to fill our heads with facts, but to learn how to think and how to work with others.

A relaxed dress code and more casual classes made a more casual atmosphere this year. Art, music, and independent study courses allowed for creativity.

Still, there are times when school just seems like something to be suffered through. And all you can do is console yourself that it will be over in June.

"The Drug Scene" has made a great impact on SCHS. The influence of drugs surrounds us, from Mr. ZigZag patches on jackets to anti-drug posters in classrooms.

Students are inundated with drug information. Detective Alvin Rego (right) lectures a class on various types of drugs — their effects and dangers. Marijuana, the most widely-used of illegal drugs in St. Charles, grows wild in Missouri (middle right).

There are many types of rolling papers for sale at novelty and "head" shops. Wheatstraw, Mr. ZigZag, American Flag, and six inch Esmerelda papers are big sellers. Other paraphernalia involved in illegal drug use are roach clips, water pipes, rolling machines, and for the hard drug users, bottles, needles and syringes. (far right).

Students react to city and national trends, concerns

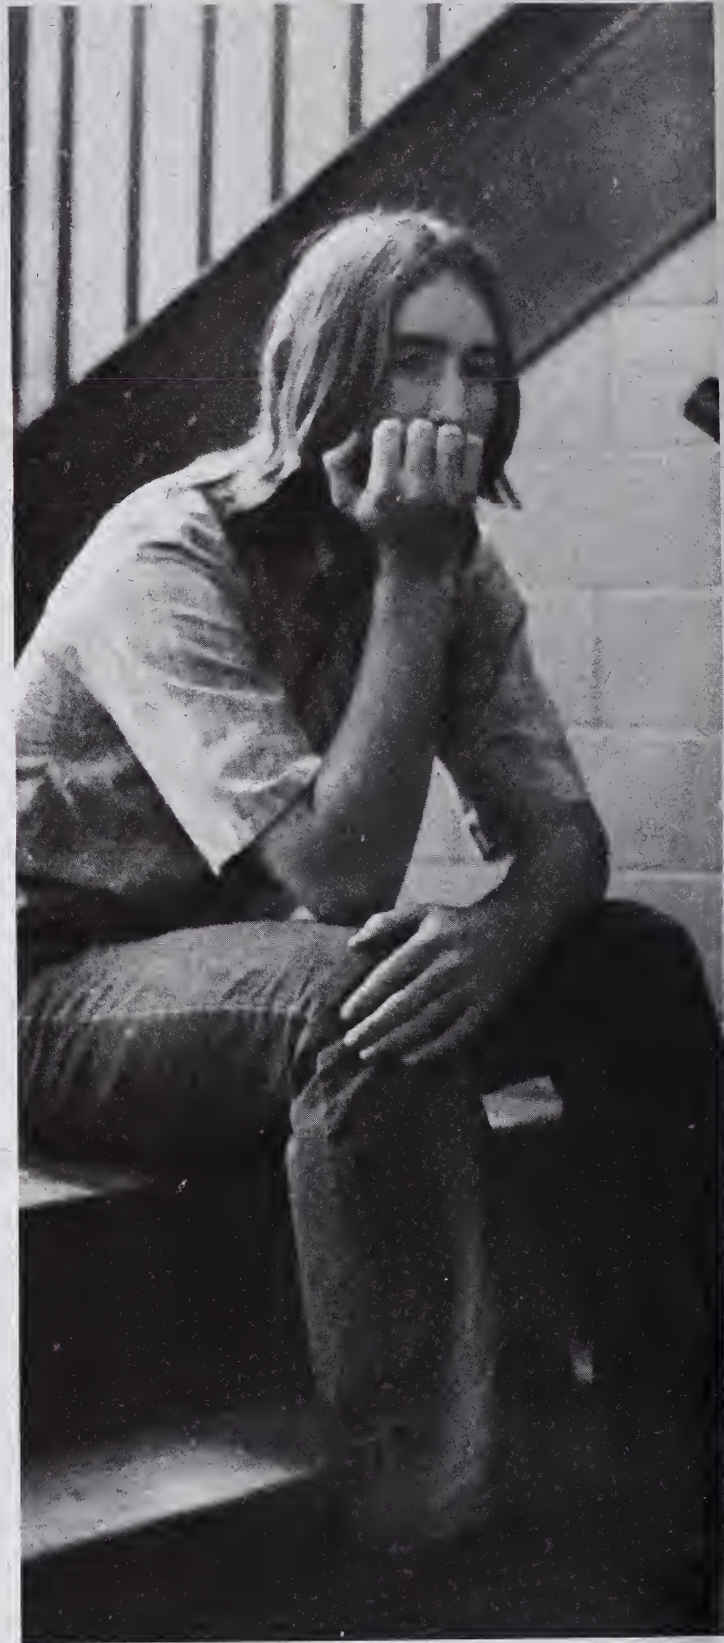

Important issues sparked interest in classes this year, as updated courses with newer reading material allowed students to study current concerns. Mr. George Peters (right) discusses bussing with his American history class. Key Club (bottom and far right) cleaned up the St. Charles area, collecting 20 tons of trash. Donna Stevenson (middle right) wears a smile button — a national phenomenon.

"Flower Drum Song", although plagued with many problems, was as successful as its predecessors. Mr. William V. Henderson, director, broke his leg while working on scenery before school began. Because of his accident, the first two weeks of rehearsal were held in his bedroom. "Flower Drum Song" was performed November 16, 18 and 19 — a delay of one month. This musical comedy by Rodgers and Hammerstein involved 11 different sets. Much of the elaborate scenery was painted by Darcy Russell and Dave Mingus, a '71 graduate. Jewish ordeal portrayed in "Diary of Anne Frank"

In "The Diary of Anne Frank," eight major characters were rarely out of sight of the audience. This made the job of director Miss Connie Gunn and her assistant Barb Henrichs a formidable one. The play was presented February 24 and 26. It is based on the memoirs of a Dutch-Jewish girl whose family during World War II, goes into hiding to escape being put into concentration camp.

The cast was: Cathy Anderson — Anne Frank, Walter Burkart — Peter Van Daan, Mike Corns — Mr. Frank, Sally Bohrer — Mrs. Frank, Jeanne Dougan — Margot Frank, David Dale — Mr. Van Daan, Marilyn Finke — Mrs. Van Daan, Mary Rigdon — Miep, Richard Hodges — Mr. Dussel Kraler, Mark Hunsel — Mr. Dussel, and Sugar — (Mouschi the cat).

Grip, Class-of-your-choice Day, breakfast comes to SCHS.

Football and basketball games, assemblies, and hallways are always jammed with students — laughing, cheering, clapping. Seniors, especially, always seem to make the best of situations. GRIP, Grievance Review Interaction Panal, was formed by Student Council and FAC. Students who had complaints or problems were able to consult with the panel. Juniors and sophomores were able to visit the class of their choice for two periods Friday, January 28. Students enjoyed breakfast held before school. They were discontinued after the Christmas holidays because of the limited attendance.

After battling its way through its finest season since its recent beginning, the St. Charles Pirate swimming team proved it can compete in the tough Surburban North League. After its first win against Pattonville, the team went on to win two more, ending the season with a 3-11 record; the swimming Pirates top record.

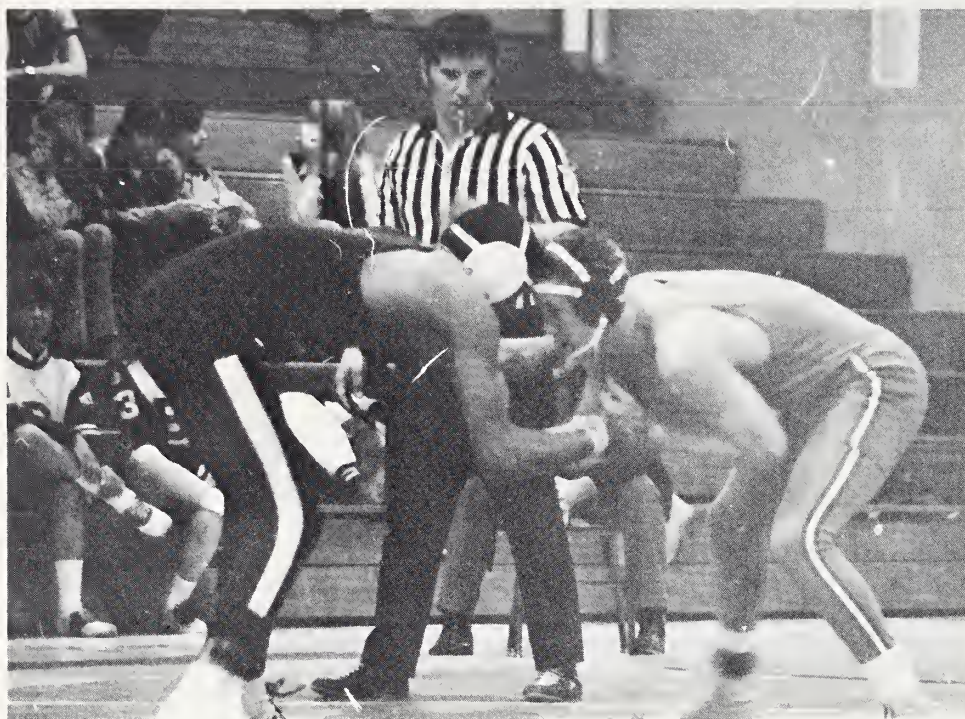

Another indication of the team's fine season was the fact that two Pirate swimmers advanced to the state finals in Columbia. These swimmers were seniors Steve Plackemeir and David Lloyd. Plackemeir finished twelfth in the state in the 400-meter individual medley, while Lloyd placed eighth in the 50-meter and eleventh in the 100-meter freestyle races.

Besides these accomplishments, the Pirates also gained much needed experience, both by success and defeat.

Mrs. Thiel,
To a teacher from
a future teacher.
First of all I want to
thank you for all the help you
gave me this year, in the classroom
and for Coverdell. I know I'll never forget either of
your classes I was in.
Well, just, thanks for everything!
Jackie Cherry

Mrs. Shiel,
This class was all right. You were
all right too. The flicks we saw
in here were really cool. I liked
all of them except that one
with the ballet. I'm still
laughing about that one. I
hope you remember that play
"Chicken" with Colonel Sanders
as the star. It was fun!

I love,
Cathy Nations

The influence of those around us can never be denied. Yet a person must make his own decisions, based on his principles and past experiences. He is accountable to himself before anyone else — parents, teachers, or friends. Gregoy Baum said, "A person is constantly called upon to create his own future."

What is life but a series of changes, and continual growth? J. H. Newman described growth, saying, "To grow is to change, and to have changed often is to have grown much." Through constant learning, each of us moves toward the most difficult, but ultimate goal — to become a complete person.

*“The future belongs to the irresistible power
of things that can grow.”*
